## U.S. HOUSE OF REPRESENTATIVES

NINETY-EIGHTH CONGRESS

SUBCOMMITTEE ON CONSUMER AFFAIRS AND COINAGE

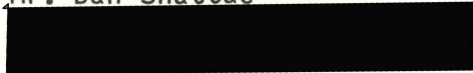

OF THE

COMMITTEE ON BANKING, FINANCE AND URBAN AFFAIRS

ROOM 212 HOUSE OFFICE BUILDING ANNEX No. 1

WASHINGTON, D.C. 20515

April 9, 1984

Mr. Dan Shattuc  

Dear Mr. Shattuc:

This is in response to your recent letter concerning H.J.Res. 481, calling for the designation of April 15-21, 1984, as National Coin Week.

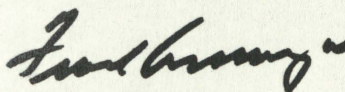

Under the rules of the Post Office and Civil Service Committee, no resolution calling for a national observance is acted upon unless it is cosponsored by at least 218 Members of the House of Representatives. To date H.J.Res. 481 has only 20 cosponsors. Since only one week remains before National Coin Week begins, it is extremely unlikely that the necessary cosponsors will be gathered in time for the Congress to act on the resolution.

You will be pleased to know, however, that Congressman Mineta has joined me as a cosponsor. Had more coin collectors acted as you did in contacting their Representatives and requesting them to cosponsor this resolution, I am sure we would have obtained the necessary cosponsors without any problem.

I have enclosed for you a copy of the resolution as well as a copy of my remarks when I introduced it to the House. Thank you for your support on this issue.

With every best wish,

Sincerely,

Frank Annunzio  
Chairman

# Where money makes strangers into friends

Dan Shattuc showed all the zeal of a missionary last week when he started talking about his favorite hobby: coin collecting.

Next week is National Coin Week, and the theme is tailor-made for Shattuc's message: "Numismatics: A Foundation for Friendship."

Numismatics — the systematic collection and study of coins, paper money, tokens and medals — draws hobbyists together to learn the history, geography, economics and world events that many coins and medals commemorate.

"Each person's collection is individualized, and in some ways unique to his likes and interest," said Shattuc, president of the Cupertino Coin Club and a member of several other area coin clubs.

"It is this common interest that builds the Foundation of Friendship."

Events planned for next week encourage collectors to share the excitement of their hobby with old friends and to make new friends, he said.

"Go to a coin club meeting," he urged.

The South Bay area has many active coin clubs, and all welcome visitors. A typical meeting features a speaker, show-and-tell by members about something from their collections, prize drawings and refreshments.

Events planned for National Coin Week include a color slide show of U.S. coins, sponsored by the Peninsula Coin Club at 7:45 p.m. Monday upstairs at Eureka Federal Savings, Second and Main streets, Los Altos.

Members of the Fremont Coin Club will offer the same show at 7:30 p.m. April 24 at the Fremont Elks Lodge, 38991 Farwell Drive.

A talk about "Coin Collecting — Getting Started," and the slide show about U.S. coins will be combined three times:

✓ At noon Tuesday at the Santa Clara City Library, 2635 Homestead Blvd. (between San Tomas and Kiely boulevards), Santa Clara.

✓ At 7:30 p.m. Tuesday at the Cupertino City Library, 10400 Torre St. (next to City Hall).

✓ At 7:45 p.m. Wednesday, April 18, in a

San Jose Coin Club event at the Santa Clara County Services Center, 155 Berger Drive, Building 2 in the auditorium, San Jose.

Members of the Cupertino Coin Club will display and discuss items from their collections during the program in Cupertino.

Area clubs include:

✓ Cupertino Coin Club — meets the first Friday of each month at 7:30 p.m. at Lincoln Elementary School, 21710 McClellan Road, Cupertino.

✓ San Jose Coin Club — meets the third Wednesday of each month at 7:45 p.m. at the Santa Clara County Service Center, 155 Berger Drive, Building 2 in the auditorium, San Jose.

✓ Peninsula Coin Club — meets the third Monday of each month at 7:45 p.m. at Eureka Federal Savings & Loan, Second and Main streets, Los Altos. The room is upstairs; the entrance is off Second Street.

✓ Fremont Coin Club — meets the first and third Tuesdays of each month at 7:30 p.m. at the Elks Lodge, 38991 Farwell Drive, Fremont.

## City honors 'the hobby of kings'

By Dan Shattuc

Coin collecting, the hobby of kings?

While history tells us kings did indeed enjoy the endeavor of coin collecting, today millions of Americans as well as persons the world over enjoy the hobby of numismatics.

America's coin collectors will observe National Coin Week 1984 April 15-21. The city of Cupertino also has proclaimed those dates as coin week in Cupertino.

"Numismatics: A Foundation for Friendship" is this year's theme for the 93-year-old organization.

Numismatics is the systematic collection and study of coins, paper money, tokens and medals. The hobby of numismatics offers the collector many avenues for enjoying the hobby.

One can learn history, geography, economics and about important world events that many coins and medals commemorate.

Each person's collection is individualized, and in some ways unique to his likes and interests. It is this common interest that builds the foundation of friendship.

The national coin week theme encourages collectors to share the excitement and fun of their hobby with old

friends and to make new friends through a mutual interest in numismatics.

Sharing knowledge of the hobby with the non-collecting public can provide a basis for future friendships. One of the most exciting aspects of our hobby is the fellowship and camaraderie that it provides and we urge all coin collectors to meet with a local coin club to share with others during national coin week.

Go to a coin club meeting.

The South Bay area has many active coin clubs. Visitors are always welcome.

A typical club meeting will feature a speaker on a subject of interest, a show and tell by members, drawings and refreshments.

Meetings are a way to advance in the hobby. As one gets to know the interests of other members, one may find a whole new world of numismatic interest opening up.

The Cupertino Coin Club is a very active club.

The club is celebrating its 14th anniversary this year. During the past 14 years the club has signed up almost 600 members. The club meets the first Friday of each month at 7:30 p.m. at the Lincoln School, 21710 Mc-

Clellan Road.

Many young members are enrolled and the club is currently conducting a youth program.

The club has many activities, such as its annual coin show, annual picnic and field trips to the old mint and museum in San Francisco.
